It is with a hint of sadness but with heartfelt congratulations that I have to announce that Mrs Waller will be leaving the Federation at the end of this academic year. Mrs Waller has been successful in securing a position with North Yorkshire Financial Services and feels that the time is right to take up a new challenge in her career.

Mrs Waller has been part of The Federation for many years as both a Chair of Governors through the federation process and as School Business Manager. She was instrumental in the creation of Sherburn Play School, the new build at Sherburn and leaves both school in a healthy financial position. I thank her for her hard work and dedication and wish her all the best for the future.

Do you know?

The Magna Carta (The Great Charter) was signed by King John on 15th June 1215 at Runnymede near Windsor. This important document placed limits on the power of the crown and was the first of its kind in the world, establishing the beginnings of a democracy and has been used as a basis for many republics since, such as the Declaration of Independence of the USA. Democracy, being one of our British Values, is a core belief in our country and would never have happened without King John in 1215!
