Wednesday – Tuna and sweetcorn pasta bake

Thursday – Minced beef and gravy

Friday – Fish and chips

First of all, can I say a huge thank you for all of your support in what has been another unprecedented term. It is hard to believe that we are coming to the end of the spring term and January 4th seems like a lifetime ago. It has been a lovely to see all of our children back and settled for the last 3 weeks of this term and in some ways it seems a shame to pause for a 2 week Easter break however the summer term should be a vibrant and busy time for us as we continue to move your children's learning forward.

This week we have been busy preparing for Easter with a host of crafts as well as sharing and learning aspects of the Easter story. As much as it would have been great to hold Easter services in church the staff have tried hard to bring this to life in school. Easter is a good time to reflect and hope for new beginnings and I would encourage you to do the same over the next 2 weeks. New beginnings are something that we are hopeful for over the coming months and it is important to take time and reflect on what the last 12 months have been like. Whatever the challenges that you have faced can I reassure you that school is always here to provide support and we will continue to do our utmost to support our families and provide a constant in an ever changing time.

Science week

We all had an amazing time celebrating science week, last week. Well done to all children who entered the competitions. A special mention to our design/poster entry winners Emily W, Henry T and Harry L. Wonderful imagination and innovation! I could definitely use a food making robot, a disco robot or automatic fly swatter in my house!!

Easter Holiday

School will close today for the Easter holiday. We will reopen to children on **Tuesday 13th April**.

Have a lovely Easter.
